

Let the . . . YELLOW PAGES . . . help you

The Yellow Pages—your “Where-to-Buy-It” telephone directory—are intended to be of service to you. Here, under convenient headings, where you can find them quickly, are listed most of the business firms and professional men in town.

The Yellow Pages are intended to make it easier for you to use your telephone. But they will, in addition, give you much valuable information about names and addresses. Here are five situations in which you can use them to advantage:

1. When you want the telephone number of a business or professional man. Lists of names are shorter here, easier to scan. Instead of poring over long columns of “Smith” in the white pages, you usually spot “Smith James R.” at a glance under “Physicians.”
2. When you don’t know who sells an article or service you want. Suppose your automobile battery needs overhauling. Look under “Batteries.” You’ll find the names of the shops that do such work.
3. When you’ve forgotten the name of a shop, but remember its location. You know, for instance, that there is a beauty shop near a certain corner.

Look under “Beauty Shops” for one with that address. You’ll find its name and telephone number.

4. When you must locate the nearest dealer or shop quickly. For example, a water pipe is leaking. Turn to “Plumbers.” Run down the list until you find one with an address near you. His name and telephone number will be shown.

5. When you want a certain brand of goods — perhaps one that you’ve seen advertised. Many trade marks are listed here — Goodyear Tires, Kelvinators, Chevrolets, the Insurance Company of North America. Under them, you’ll find a list of dealers.
